

Bulletin for Parents/Guardians – 15th November 2022
Subject Options

- Students will begin their final of 6 rotations of first year options on Monday 21st November. They have done 2 rotations of several subjects.
- Choosing subject options (i.e. the subjects that they will study for Junior Cycle) will be done through VSWare.
- Please ensure this week that you can access VSWare – if you cannot please contact the office. Please note that the office only has access to your username and not your password – you must reset this yourself.
- Subject options will be open under the OPTIONS tab on VSWare from **Monday November 21st to Tuesday November 29th**.
- The Guidance department will host a subject option talk on **Monday, November 28th at 7pm.**

Passcode: 195385

- This link will be sent via text also before the webinar.
- **Important to note:**
 - Your child must rank in order of preference the subjects that they wish to study from 1 to 3 in EACH subject option band.
 - In the event of over subscription of any subject this goes to lottery – so even if your child puts that same subject as number 1 on more than 1 line the school cannot guarantee a place in that subject in the event of over subscription.
 - There is a strict deadline of **November 29th** for subject choices to be completed on VSWare as students need to be placed in classes by the following Monday.

Thank you,

Rachel O' Connor, Principal.
